BRIEF ABSTRACT OF LETTER.

Forwards letter no 1428 dt. 6.05 from the Survey Commr in Mysore reporting, with refce to G.O. no 14179-80 & 7295-96 d 29.2.02, that the settlement of the potgi of the village officers of the villages comprised within the area of the Sanitary Board has been completed.

NOTES AND ORDERS.

The President of the Sanitary Board of the Kolar Gold Fields requested in his letter no 680 dated the 29th April 1901, sanction to the payment of commn of 3 p.c. to village servants for collecting moha-

in addition to the potgi

NOTES—First sheet.

MGCPB—30,000—17-2-05.

The work of collecting the fees at the weekly market at Robertsonpet is itself a heavy task to the rent collectors. To add to this they have also to attend to the collection of rents on the huts of the disorderly cooly classes scattered over an area of not less than eighty-six villages. Moreover the village officials working under the Amildar armed, quite unlike the Vice-President of the Board, with powers provided in the Revenue Code can carry on the work of collecting the mohatarfa with greater efficiency than the rent collectors.

4 To the Survey and Settlement Commissioner in Mysore, No. 1616, dated 17th August 1905.

Observes that the total amount of potgi as per margin of the letter in serial 3 above is Rs. 522-12-0 and not Rs. 558-12-0 as shown in the above and enquires whether the sums mentioned represent the potgi on the whole of the present revenue or on that revenue less mohatarfa or on mohatarfa alone and if so at what rate they are calculated.

5 From the Revenue Commissioner in Mysore, No. 1720, dated 17th August 1905.

Forwards two revised potgi lists one for the patels and the other for shanbhogs and requests sanction to the payment of the potgi for 1903-04, in accordance with these lists.

6 From the Survey Commissioner, No. 52, dated 6th October 1905.

Referring to serial No. 4 states that the total amount of potgi payable is Rs. 558-12-0, the portion due to patels being Rs. 284 and not Rs. 248 as was erroneously shown at first and that this total potgi represents that calculated on the mohatarfa revenue alone at the rates laid down in the potgi rules in force.

7 To the Revenue Commissioner returning the lists and vernacular records, the Survey Commissioner, the Comptroller, the President of the Sanitary Board and the Deputy Commissioner of Kolar, No. 5342-6, dated 23rd November 1905.

Sanctions the continuance of the existing system of mohatarfa collections being made by village officials, on payment to them of remuneration * recommended by the Survey Commissioner with effect from 1903-04.

mohatarfa in the Sanitary Board area. Before passing final orders the Survey & Settlement Commissioner was in. his D.O. no. 14179-80 dated the 27-2-6 27th February 1902, requested to revise the pay of the village officials of the villages comprised within the area of the Kolar Gold Fields Sanitary Board and the present communication is in compliance with the above.

3 According to the sanctioned budget for 1905-6, the estimated revenue from mohatarfa is Rs 12,000/- & there are 3 rent collectors for collecting the same.

4. Hence the President be requested to state in consultation with the Sanitary Board whether this work cannot be solely managed by the rent collectors, & whether there is any necessity for the village officials rendering aid?

Sir,

With reference to your docket
No. 853
2B (15-05)-2 dated without date, —
forwarding copy of letter No. 1428 dated
5th June 1905 from the Survey and
Settlement Commissioner in Mysore
raising the status of the village
officers (Patels & Shanbhogs) of the
villages comprised within the area
of the Kolar Gold Field Sanitary
Board and requesting me to
report in consultation with the
Sanitary Board, why the Rent
Collectors should not attend to
the collection of Sanitary fees
and why the help of the village
officials is necessary, I have the
honor to state that the question
was placed before the meeting of

the Sanitary Board on the 24th July 05, and they resolved after discussion that Government be requested to sanction the Continuance of the present system according to which the village officers have to collect the said tax.

A copy of their resolution is herewith submitted for the information of Government.

2. When a new Local Board known as the Sanitary Board was formed Government were pleased to assign to it the Mohatarfa of the villages within the local area specified in Government Order No. 3241 dated 24th September 1899, and as this amount was being collected by the respective village officials the same procedure was Continued. As this entailed a heavy and arduous task on the village officials especially on the Gold fields area populated as it is by coolies of the lowest classes working on the mines the Case Considered that

remuneration, and accordingly placed the subject before the Sanitary Board at their Meeting on the 13th April 1901. The Board resolved that the village officials might be given 3 P.C Commission on the Mohatarfa Tax Collected within the Sanitary Board area, and in accordance with the above resolution Mr. Carr requested the sanction of Government to the above arrangement. Government thereupon asked the Survey & Settlement Commissioner to revise the Patrigi which he has done.

3. The Board is of opinion that Rent Collectors cannot be conveniently spared for the collection of Mohatarfa as there are only three of them and their services are fully required for the collection of fees in the Weekly Market at Robertsonpet which by itself is a big concern, and of rents from occupants of huts built in the several Cooly Colonies. This work is quite sufficient to occupy their

their whole time and it is in the immediate vicinity of the fields. The collection of Mohatarfa is not confined to one or two villages but extends over a large area (86 villages) comprised within the Sanitary Board, and therefore the respective village officials will be able to collect it more easily and speedily than the Rent collectors, who live at Robertsonpet.

4. There is another technical difficulty in the collection of Mohatarfa by the Rent Collectors. If default is made by any individual in paying Mohatarfa steps under the Land Revenue Code have to be taken. The Rent Collectors work under the vice President of the Board, who has no power to take Coercive measures. So the collection work will suffer to a certain extent, if entrusted to them. Whereas under the present system, the work will be promptly and satisfactorily carried out, as the village officials will work under the Amildar who has

to recover the arrears. The Board consider that the village agency which collects the Government dues on lands in the village, is the best agency to collect also the Mohatarfa tax, in that village.

5. Under these circumstances, I beg that Government may be pleased to sanction the Board's proposals and to approve the division carried out by the Survey and Settlement Commissioner.

I have the honor to be,

Sir,
